

Aqua Life™ Pressure Tanks

10" to 36" Diameter, LLDPE liner with FRP reinforced outer shell

Aqua Life™ range includes 10" to 36" Diameter for water filtration and softening applications. The pressure tanks are made from high performance composite materials – LLDPE liner with FRP filament winding outer shell

Aqua Life™ liner is also wounded with an extra helical winding layer provides robust construction for protection against frequent loading and unloading of the tank during transportation

Aqua Life's design provides a continuous seamless inner linear shell with a GF PP inlet for higher strength, temperature and pressure capabilities

Flanged tanks are made with a continuous seamless inner linear shell with a solid anodized aluminum cast flange. This design provides excellent strength, durability and leak free service

All the tanks are NSF, PED and KTW certified

Operating Conditions:

Max Operating Pressure: 150 PSI (10.5 bar)

Max Operating temperature: 120 °F (49°C)

- ✓ Warranty 5 years
- ✓ Standard pressure tank color is blue
- ✓ Different Colors are available per your request
- ✓ The pressure tanks distributors are available
